HEY, NOBU...
WHY DO HUMANS TAKE "BATHS"?
WHY? WELL...
TO CLEAN OUR BODIES, OF COURSE.
AND THEY'RE REALLY RELAXING AFTER A LONG DAY.
YOU DON'T TAKE BATHS ON YOUR PLANET?
Bask in the light of the purifier.

Oh, my sweet alien!
...An extraterrestrial housewife's day starts bright and early.

HERE'S TO ANOTHER GOOD DAY!

Today

The day begins
with the preparation of her husband Nobuo's lunch.
Today
...All in the space of a mere second.

Let's watch again in slow motion.

And done!
Work Hard!
Here we see a glimpse of our chef's playful side in this wonderful work of art.
She then starts
skillfully cooking away.

The curtains part once more for act two.
TIME FOR BREAK-FAST!
NOBU! ASORA! DELA!
Now that breakfast is done, she is ready to take on the day.
Taking a deep breath, she says...
NEED A HAND-KER-CHIEF?
NAH.
TISSUES?
I'M FINE.
MMM, LOOKS GOOD.
MMM, THAT HIT THE SPOT.
While it may seem that she has cleared the biggest hurdle of the day...
her battle has only just begun.
HAVE A NICE DAY!
Daa!
SEE YOU LATER.

What an organized schedule she has crafted.
PERFECT!
THEN, I'LL GO SHOPPING AFTER I HANG THE CLOTHES TO DRY... OKAY!
OKAY, FIRST I'LL START THE LAUNDRY. WHILE IT'S RUNNING...

I'LL CLEAN THE HOUSE AND WASH THE DISHES.
OK. NEXT IS...
You could say that planning is one of her strengths.
A well-organized plan is vital if she is to manage her many responsibilities effectively.
But wait!
A terrible crisis has occurred!
AAAAAAAHHH!

RING RING RING
I GUESS I CAN DO THE DISHES LATER...
The ability to quickly adapt is another one of her strengths.
Gaa Gaa
?
UGH... THE CLOTHES ARE GONNA BE DONE SOON...
JUST HAVE TO FINISH THIS UP.

At that very moment,
IF I LEAVE AS SOON AS I FINISH,

her ears were deafened by...
the heartless, pounding rain.

...A housewife's worst nightmare.
TO HANG ALL THESE CLOTHES...
THERE ISN'T ENOUGH ROOM INSIDE THE HOUSE
THIS IS BAD...
Is this the end for our poor housewife?
The clothes are becoming more putrid by the second.
How to do it with so few hangers?
How to secure the space necessary to hang everything?
Against all odds, she found a way.
WHEW. THAT SHOULD TAKE CARE OF EVERYTHING.
NO.

BUT...
Indeed, creative problem-solving is undoubtedly her best asset.
Her creativity is truly out of this world.
Up we go...
NOW TO WASH THE DISHES IN THE MEAN-TIME...
ON THAT SALE.
I'LL SUPPOSE I'LL JUST HAVE TO GIVE UP
GO OUTSIDE LIKE THIS...
I OB-VIOUSLY CAN'T
Stricken with grief, she scrubs away in misery.
THE STRAW-BERRIES WERE SUCH A GOOD PRICE, TOO...

WHAT ARE YOU DOING?!
HEHE... I HAD TO IMPRO-VISE.

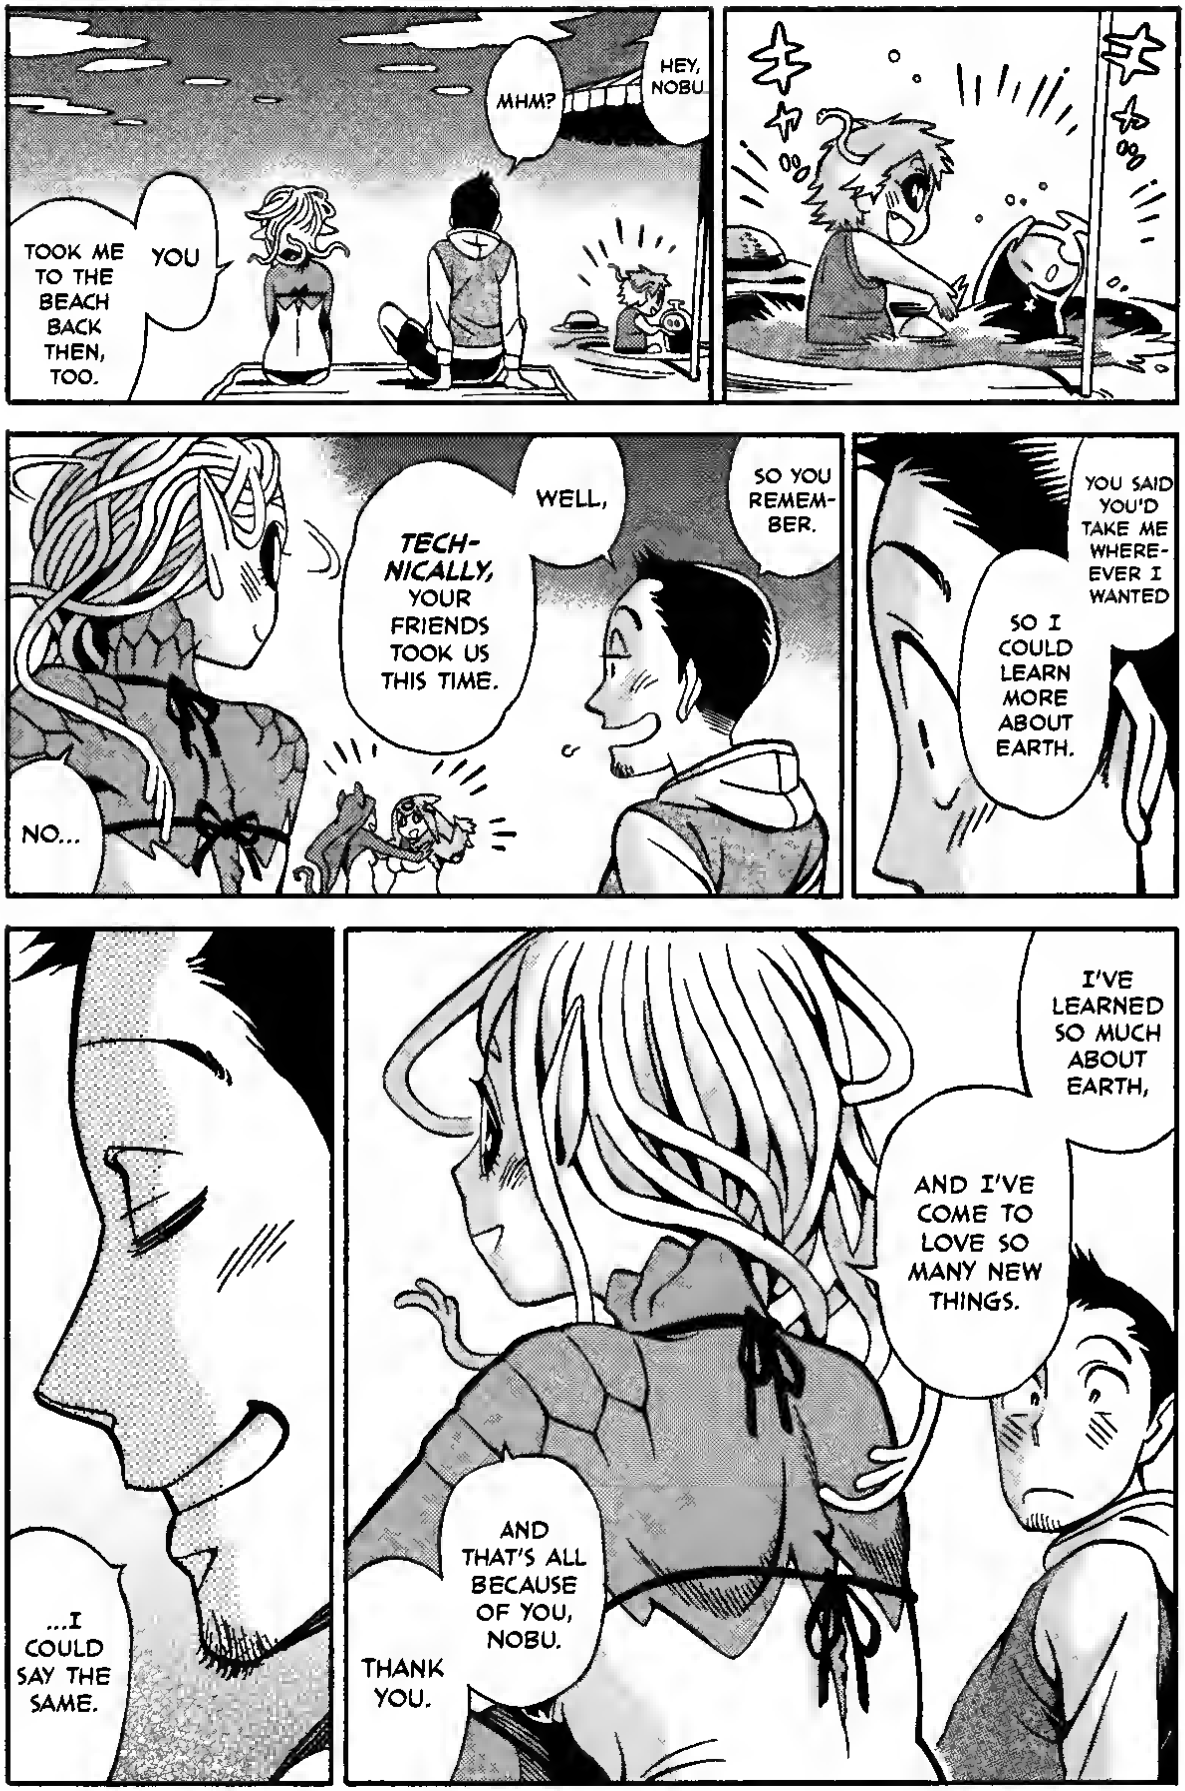
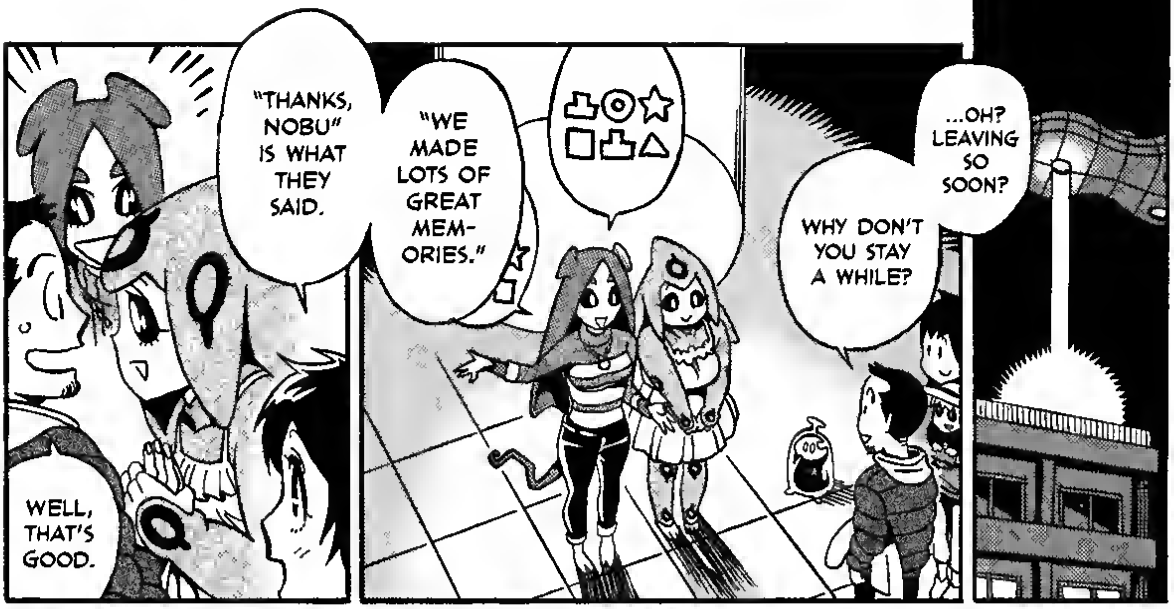
Daaa!
ALL RIGHT.
LET'S MAKE OUR OWN POOL.
HM?
DA!

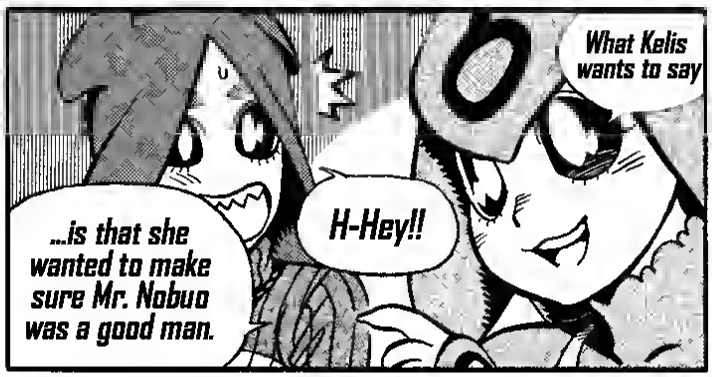


HEY, NOBU.
MHM?
YOU TOOK ME TO THE BEACH BACK THEN, TOO.
SO YOU REMEMBER.
WELL, TECHNICALLY, YOUR FRIENDS TOOK US THIS TIME.
NO...
YOU SAID YOU'D TAKE ME WHEREEVER I WANTED SO I COULD LEARN MORE ABOUT EARTH.
I'VE LEARNED SO MUCH ABOUT EARTH,
AND I'VE COME TO LOVE SO MANY NEW THINGS.
AND THAT'S ALL BECAUSE OF YOU, NOBU.
THANK YOU.
...I COULD SAY THE SAME.

THANKS
FOR COMING HERE.



"THANKS, NOBU" IS WHAT THEY SAID.
WELL, THAT'S GOOD.
"WE MADE LOTS OF GREAT MEM-ORIES."
WHY DON'T YOU STAY A WHILE?
...OH? LEAVING SO SOON?



What Kelis wants to say
H-Hey!!
...is that she wanted to make sure Mr. Nobuo was a good man.

Hey, don't translate this part.
To be honest-

Ah...
?
Sorry!

Anyway!
I can see I was worried for nothing.
This planet isn't so bad after all.

She said she was going to give you a piece of her mind if he turned out to be some "worthless chump."
She was really worried about you, you know.
Of course I was worried!
She went to live on some backwater planet that isn't even part of the Galactic Federation...

HEY.
WHAT ARE THEY SAYING?
HM...
And Nobuo isn't so bad himself!
?
IT'S A SECRET!
WHAT'S THAT SUPPOSED TO MEAN?
?
THEY SURE WERE IN A HURRY.
THEY SHOULD'VE AT LEAST STAYED FOR DINNER.

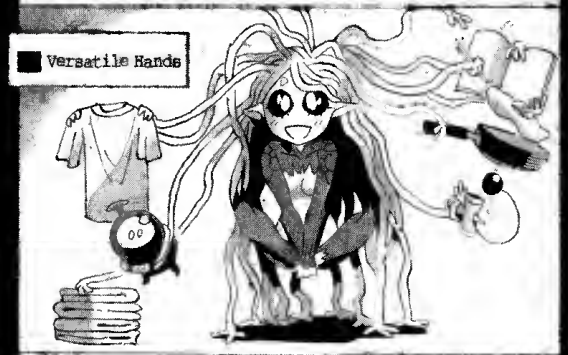
THE WIFE'S TWO GREATEST SECRET TECHNIQUES

Beams emit from her eyes whenever she cries. A trait she inherited from her father, the beams warp anything they come in contact with. These beams are, however, ineffective against the extraterrestrial species delaro-sa.



The cranial hands are capable of mastering anything from household chores to a myriad of sports. They are strong enough to support her entire weight.

Optimistic Personality
A female alien originating from somewhere beyond the solar s
Weight: kg.
Height: 164cm.
Several hundred feeler-like hands are attached to her cranium.
Beam source
This area of skin is not as hard as it looks. While it may appear glossy, it is actually quite soft to the touch.
Large, aquamarine colored eyes that emit beams.
Skeletal structure and organs are almost identical to that of humans. Quite healthy, thus capable of eating anything.
More skillful with the cranial hands than with the actual hands.
